EDUCATION

VNU University of Engineering and Technology (VNU-UET) Oct 2022 – Jun 2026
Bachelor of Science in Information Systems *Viet Nam*

- GPA: 3.79/4.0 (Top 8%, Ranked 5th out of 76 students) (Attached)
- Achievements: University Encouragement Scholarship (4x), Toshiba Scholarship (2023 - 2024), EVN Scholarship (2024 - 2025).

RESEARCH PUBLICATIONS

- **Thanh-Lam T. Nguyen**, Ngoc-Quang Le, Thi-Phuong Le, Phuong-Nguyen Nguyen, Tu-Phuong Mai, Hoang-Quynh Le (2026). *Comparing Without Saying: A Dataset and Benchmark for Implicit Comparative Opinion Mining from Same-User Reviews* | **(Under review at Language Resources and Evaluation)**.
- Ngoc-Quang Le*, **Thanh-Lam T. Nguyen***, Quoc-Trung Phu, Thi-Phuong Le, Duy-Cat Can, Hoang-Quynh Le (2027). *XAI-Enhanced Comparative Opinion Mining via Aspect-Based Scoring and Semantic Reasoning.* In: Nguyen, N.T., Iliadis, L., Kozierkiewicz, A., Papaleonidas, A., Vossen, G., Treur, J. (eds), *Advances in Computational Collective Intelligence. ICCCI 2026.* Communications in Computer and Information Science, vol. 3044. Springer, Cham. https://doi.org/10.1007/978-3-032-37936-8_11.

PROFESSIONAL EXPERIENCE

"Advanced Programming" Course, VNU-UET Jul 2024
Teaching Assistant *Viet Nam*

Data Science and Knowledge Technology Lab, VNU-UET Jul 2024 - Present
Research Assistant *Viet Nam*

- Constructed SUDO, a first-of-its-kind hierarchical dataset comprising **4,150 same-user review pairs** (15,191 sentences) to isolate implicit comparative preferences. Under review at **Expert Systems with Applications**.
- Designed XCom, a transparent Transformer-based framework integrating aspect-based scoring, semantic reasoning, and a SHAP-based explanation module that **outperformed the top fine-tuned baseline by nearly 3 absolute F1 points**. Accepted as a full paper at **ICCCI 2026**.

Viettel Software Mar 2025 - Jul 2025
Software Engineer Intern - Viettel Digital Talent 2025 *Viet Nam*

- **Selected for a competitive three-month intensive program** focused on industrial full-stack development practices.
- Engineered end-to-end features and optimized relational database schemas to maximize query efficiency and data integrity.
- Collaborated in a Scrum environment to deliver a production-ready system.
- **Completed the internship with a formal full-time employment offer**.

AI Guru, Dagoras Technology and Communications JSC Sep 2026 - Present
Tutor *Viet Nam*

- Tutored an **AI Engineering course** focused on LLM application development and Agentic AI, covering agents, tool use, memory, retrieval, RAG, LangChain, and LangGraph.
- Designed and delivered hands-on learning materials, labs, and practical exercises connecting foundational AI concepts with modern engineering frameworks.
- Guided students through implementation, debugging, and system-design exercises involving agent workflows, retrieval pipelines, and graph-based orchestration.

ACADEMIC PROJECTS

Coursework Project Mar 2025 – May 2025
Wikipedia-Based Knowledge Graph and Chatbot System for Multiple Choice QnA with Multi-hops Reasoning Task

- Fine-tuned Qwen3-0.6B via QLoRA on a custom schema-aware dataset of $3,000+$ multi-hop ($1-4$ hops) queries, ensuring efficient and semantically valid Text2Cypher translation.
- Built a $2,000+$ question benchmark to evaluate deep reasoning, **boosting 4-hop query accuracy by 24.9%** over Gemini 2.5 Flash Lite.

SKILLS

Machine Learning/NLP: PyTorch, Transformers, Scikit-Learn, BERT, GPT.
Programming Languages: Python, Jupyter Notebook, C++, SQL, Java, HTML, CSS, Cypher.
Programming Tools: SQL Server, PostgreSQL, MySQL, Docker, Neo4j, Kaggle, GitHub, Visual Studio Code.
Research and Planning: Problem Formulation, Literature Review, Experimental Design, Hypothesis Testing, Statistical

Analysis, Data Visualization.
English Proficiency: IELTS 7.0/9.0.
Microsoft Office Specialist (MOS): Word, PowerPoint, Excel.

AWARDS & ACHIEVEMENTS

- **VNU-UET Faculty-Level Student Scientific Research Conference 2025** Apr 2025
  Explainability-Enhanced Framework for Deep Learning-Based Comparative Opinion Mining | *Third Prize*
- **VNU-UET Faculty-Level Student Scientific Research Conference 2026** Apr 2026
  Graph-Based Deep Learning Framework for Implicit Comparative Opinion Mining | *Third Prize*

CO-CURRICULAR ACTIVITIES

- **Support Group of UET** | *President* Aug 2024 - Aug 2025
  Led 120+ members in executing university-wide student support initiatives.
